

This 1.5 million BTU direct-fired heater delivers extreme high-output heat for the largest, open, and well-ventilated spaces. It's ideal for major construction projects, large industrial facilities, bulk material heating, and expansive warehouses where rapid temperature rise and high-capacity heat are critical to keeping work on schedule in harsh conditions.

Built for demanding environments, this 1.5M BTU unit combines rugged construction, straightforward controls, and quick ignition for fast setup and dependable operation. The direct-fired design maximizes efficiency and heat transfer, providing a cost-effective solution wherever you have abundant fresh air and proper ventilation.
