

This 2.4 million BTU direct-fired heater delivers extreme, high-capacity heat for the largest, open, and well-ventilated spaces. It's ideal for major construction projects, heavy industrial sites, bulk material heating, and expansive warehouses where rapid temperature rise and continuous high-output heating are critical in severe cold.

Built for demanding conditions, this 2.4M BTU unit combines rugged construction, straightforward controls, and quick ignition for fast setup and reliable operation. The direct-fired design provides maximum efficiency and heat transfer, making it a cost-effective solution wherever there is abundant fresh air and proper ventilation.

Technical Specifications

Type	Heater DF
BTU	2,400,000
CFM	11,000
Power Supply	240V 1 phase / 240V 3 phase / 480V 3 phase
Discharge Duct	24"
Temp rise from 0°F	200
Fuel Type	Natural Gas / Propane
Dimensions	168" x 72" x 77" (L x W x H)
Weight	2,400 lbs
