

This 990,000 BTU direct-fired heater delivers massive, immediate heat for very large, open, and well-ventilated spaces. It's ideal for major construction projects, large warehouses, industrial facilities, and outdoor or semi-enclosed areas where fast, high-capacity heating is critical to keep work on schedule in severe cold.

Designed for demanding jobsite conditions, this 990K unit features rugged construction, straightforward controls, and rapid ignition for quick setup and reliable operation. The direct-fired design maximizes efficiency and heat output, making it a cost-effective solution wherever there is ample fresh air and proper ventilation.
