

This 400,000 BTU direct-fired heater delivers strong, immediate heat for construction sites, warehouses, loading docks, and well-ventilated industrial spaces. Designed for fast, no-nonsense performance, it's ideal for taking the chill off large areas, thawing materials, and keeping crews productive in cold weather.

With straightforward controls, quick-start ignition, and durable construction, this 400K unit is easy to set up and operate day after day. Direct-fired design provides high efficiency and maximum heat output, making it a cost-effective choice where ample fresh air and ventilation are available.

## Technical Specifications

Type	Heater DF
BTU	400,000
CFM	1800
Power Supply	120V / 1phase / 60Hz
Discharge Duct	12"
Temp rise from 0°F	190
Fuel Type	Natural Gas / Propane
Dimensions	57" x 28" x 38" (L x W x H)
Weight	350 lbs
