

The Airrex AHSC-140R is built for serious jobs that demand reliable, high-capacity climate control. Designed for commercial and industrial environments, it delivers powerful performance for large areas, making it ideal for construction sites, warehouses, manufacturing, temporary facilities, and emergency backup.

Engineered with the rental and jobsite user in mind, the AHSC-140R is easy to deploy, simple to operate, and rugged enough for tough conditions. Fast setup, straightforward controls, and dependable operation help you keep people comfortable and processes on track with minimal downtime.

When you need a heavy-duty unit that can step in quickly and perform day after day, the Airrex AHSC-140R delivers the dependable climate control your project requires.

## Technical Specifications

Cooling Capacity	145,000 BTU
Heating Capacity	100,000 BTU
Coverage Area	Up to 4,800 sq. ft.
Power Supply	3-Phase 220V / 480V - 60Hz
Circuit Breaker	50 A
Air Flow (CFM, H/L)	3,530
Operating Range	65°F - 113°F (cooling) - 50°F - 81°F (heating)
NEMA Plug	Designed for hardwire
Dimensions	33.9" x 72.8" x 65.2"
Weight	1,236 lb
